The musical acts involved in Grup21, directed by composer Peter Bacchus, may constantly be changing but there is one constant guarantee; music at the highest level. Electroacoustic groups Solars Vortices, Casa del viento and Iris will all be performing alongside a "visual piece where landscape and life come together in a slow pace" as *Landscape* (2005), composed by Catalan Josep Maria Guix, will be set to a video by award winning artist Arturo Fuentes. It is this union of Catalan and Spanish sounds and its promotion to international audiences that makes this such a hot ticket so don't miss out on your chance to be there.

Simply answer the following question correctly and you could win yourself a pair of tickets to the event: *¿Cuál es el lema del Grup21? What is Grup21's motto?* If you're not sure then check out their website www.grup21music.com and find out.

Answers should be sent to projects@creative-ms.net with the winner being the first person to give the correct answer.
